

International School in the Crisis Management

TODAY´S THREATS AND NEW CHALLENGES FOR THE CRISIS MANAGEMENT

Sept 30 – Oct 4, 2024

Let's learn about emergency situations and share best practices in crisis management across the borders

Preliminary programme

First online block:

introduction to the crisis management in all three countries, details about upcoming activities and excursions
Date & time: week before the physical part - to be specified

Face-to-face:

crisis management workshops, XVR simulations in Center for simulation technologies (CESIT), unique visits of crisis management workplaces in Czech, Slovakia and Poland.
Date & time: practical part in Ostrava from 30th September to 4th October 2024.

Second online block:

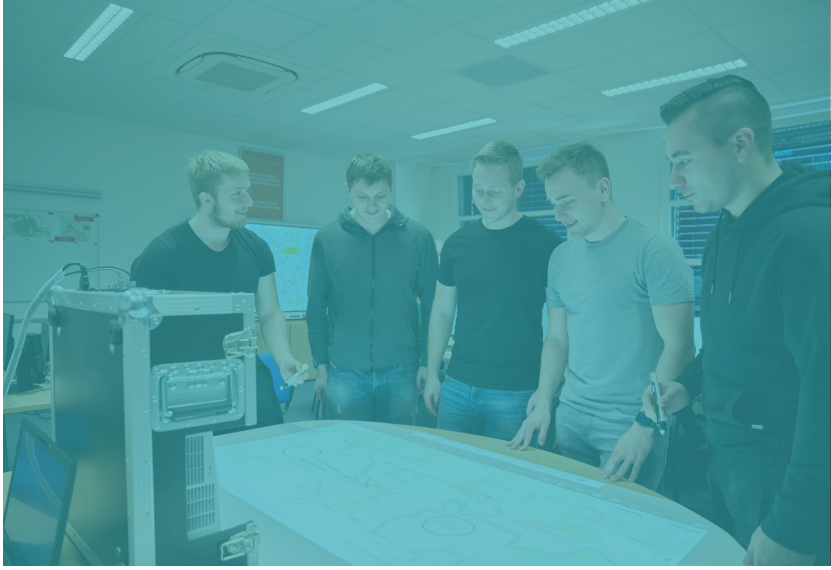

feedback and self-reflection
Date & time: 1st half of October 2024 - to be specified.

Co-funded by
the European Union

Erasmus + Blended Intensive Programme (BIP)

What is a BIP?

BIP is a new format of Erasmus+ short mobility combining online and traditional in person learning. It is an opportunity for international students to spend some time at another university with students from across the Europe.

Who runs the BIP?

International School in the Crisis Management is organized within Erasmus+ programme by the Faculty of Safety Engineering, VSB – Technical University of Ostrava with cooperation with Pomerian University in Slupsk, Silesian University of Technology and University of Žilina.

Where is the BIP located?

Ostrava city, capital of the Moravian-Silesian Region. As part of the BIP programme you will have the opportunity to visit interesting and unique places.

Who can participate in the BIP and how to apply?

BIP is open to students & staff from all Erasmus+ partner universities.
Link for application is available **here**.
Each student is nominated by his home university.

How will my participation be recognized?

For the successful participation students will receive 5 ECTS credits and a transcript of records.

What support will I receive?

Each student receives 70 EUR per day of stay from his home university. This can be used individually to pay for travels, accommodation and meals.
